Washington, D.C. 20554

**RE: Submission of information Pursuant to FCC 54.313 Rules and Request for Confidential Treatment – ETC Annual Reports and Certifications WC Docket Nos. 10-90 and 14-58**

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Lavaca Telephone Company, Inc. ("Lavaca"), Oklahoma, Study Area Code 431704, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 14-58. Lavaca, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan information identified on Form 100, Line 112 and (2) the financial annual report identified on Form 3005, both of which were redacted in the ECFS submission. The request for confidential treatment of the financial annual report is being made pursuant to the FCC's March 22, 2016 Protective Order in WC Docket Nos. 10-90 and 14-58. The financial reports contain competitively sensitive data that is not otherwise available from publically available sources. The request for confidential treatment of the five-year plan information is being made pursuant to section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). Lavaca keeps this information strictly confidential and it is subject to protection under the Freedom of Information Act (FOIA) and the Commission's implementing rules. Release of this information would have a substantial negative impact on the Company.

Lavaca is also transmitting the following information to the Commission in compliance with C.F.R. §§54.313 and 54.422:

- Submission to the Office of the Secretary, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection. Confidential information has been designated in accordance with Confidentiality guidelines and the Protective Order.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as an attachment to the FCC Form 481.

Lavaca requests that the information contained in its five-year service quality improvement plan be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Company keeps confidential. Public availability of this information would have a substantial negative impact on the Company. Lavaca offers the following information pursuant to section 0.459 of the Commission's rules and Exemption 4 of FOIA in support of this request:

*(1) Identification of the specific information for which confidential treatment is sought:*

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan. Specifically, confidential treatment is sought for all information in the five-year plan related to the Company's future network plans and information concerning future services provided to customers.

*(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:*

The information was submitted in WC Docket Nos. 10-90 and 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a five-year service quality improvement plan, pursuant to 47 C.F.R. §§54.202(a)(1)(ii) and 54.313(a)(1).

*(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:*

The five-year service quality improvement plan and associated progress reports contain information on the Company's future plans, number of customers served and other planning information that company does not make publicly available.

*(4) Explanation of the degree to which the information concerns a service that is subject to competition:*

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more Internet service providers.

*(5) Explanation of how disclosure of the information could result in substantial competitive harm:*

Disclosure of the information contained in the five-year plan would provide competitors with detailed, granular information regarding the Company's strategic plans. This would provide competitors access to confidential information they could employ to develop their own plans a particular service area. This could cause competitive harm to the Company.

*(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:*

The Company has continually treated information regarding its network and service plans as confidential and carefully controls the information to protect it from competitors.

*(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:*

The redacted information in the five-year plan is not available to the public, and third party access is limited as described in (6) above.

*(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:*

The Company requests that the extracted information be withheld from public inspection indefinitely. The five year planning period information would provide valuable information to competitors for several years beyond that period.

*(9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:*

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Please contact me if you have any questions.

Sincerely,

Tim Morrissey  
President  
314-605-9220

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

**4001.** Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

**4003a.** RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

<b>4003b.</b> Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
---	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

<b>4004a.</b> Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
--	--	--

<b>4004b.</b> Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

**QUALITY OF SERVICE AND CUSTOMER PROTECTION PROCESS**

**(USAC DOCUMENT - 431704OK510.PDF)**

**LAVACA TELEPHONE COMPANY - OKLAHOMA**  
**QUALITY OF SERVICE & CUSTOMER'S PROTECTION PROCESS**

**1. Available Customer Service Representatives to Answer Phones**

95% of all calls received by Lavaca Telephone Company - Oklahoma during business hours are answered by the third ring. When the assigned customer representatives are unable to answer calls by the third ring, calls are answered by our voice mail system and calls are returned to customers within the hour.

**2. Provide After Hours Emergency Customer Service**

Calls are answered within 60 seconds by our voice mail system. Calls are reviewed the following day by personnel. Customer service representatives have been given a list of questions by Lavaca Telephone Company - Oklahoma to ask to assist them in resolving many issues. Unresolved issues are worked on that day. Issues requiring immediate attention are sent to the Lavaca Telephone Company - Oklahoma service technician on call, who works to resolve the matter as quickly as possible. If that technician is unable to resolve the problem, additional technicians are called. After hours customer service is also available.

**3. Provide a 24/7 Internet Help Desk Service**

All calls are answered within 60 seconds. Managers are available as necessary to review and address any issues.

**4. Give Customers Cut-Off Warnings & Provide Bill Arrangement Opportunities**

Customers are given two months of missed payments before phone service is cut off. Notification of the payment due date and the cut-off date are prominently displayed on bills as well as of the opportunity to make payment arrangements to avoid being cut-off.

A customer service representative will attempt to call a customer in danger of losing phone service to remind them of the late payment. Account balance reports are printed monthly using the company's billing system.

#### **5. Ensure That All New Service Installation Orders Are Fulfilled Promptly**

All customers are contacted within 48 hours regarding scheduling the new service installation. If outside plant is already in place, the order is filled at the customers' earliest convenience; if outside plant is not in place, the order is filled as soon as the weather permits.

#### **6. Minimize Customer Downtime for Services & Make Requested Changes Promptly**

Customers are contacted regarding all service requests that same day, with a goal of resolving all issues within 48 hours. Any unresolved issues will be resolved contingent on the technician/customer coordination of access to the premises.

#### **7. Proactively Monitoring in Case of Major Service Outages**

Service technicians will be made aware of outages affecting customers within an hour. It is the goal of Lavaca Telephone Company - Oklahoma to resolve major outages in four hours or less. If an outage has not been resolved within four hours, technicians will begin utilizing all resources to resolve the outage.

### **CUSTOMER PRIVACY**

#### **Company Confidential Information Policy**

Lavaca Telephone Company - Oklahoma has a company policy in place that holds employees accountable for a breach of confidentiality concerning customer data and company information.

The policy states: *"You are reminded that revealing any type of confidential information to unauthorized persons or tampering with or altering company records and/or property is a violation of trust that can result in disciplinary action up to and including discharge".*

### **Company CPNI Policy**

Lavaca Telephone Company - Oklahoma has a Customer Proprietary Network Information (CPNI) policy in place that ensures employees compliance with the FCC's CPNI guidelines. Outlined within the policy is a detailed description of CPNI as well as both acceptable and unacceptable CPNI practices. Employees are required to sign waivers stating they understand and agree to comply with the policy and acknowledge that "failure to protect this information may result in disciplinary action up to and including discharge for the responsible employee."

As a part of the policy, Lavaca Telephone Company - Oklahoma has designated a Compliance Officer responsible for assuring training of employees, monitoring CPNI related activities, and reporting breaches.

**LAVACA TELEPHONE COMPANY, INC.**

**EMERGENCY SITUATION FUNCTIONALITY – AVAILABILITY OF BACK UP POWER**

**(USAC DOCUMENT - 431704OK610.PDF)**

**LAVACA TELEPHONE COMPANY - OKLAHOMA**  
**EMERGENCY SITUATION FUNCTIONALITY**  
**AVAILABILITY OF BACK-UP POWER**

Lavaca Telephone Company - Oklahoma has one central office switch equipped with a backup battery supply as well as a generator capable of providing power to the equipment within that office in the event of an external power source outage. After a power outage, the generators are inspected and are also professionally serviced bi-annually to ensure functionality.

In addition, Lavaca Telephone Company - Oklahoma has installed back-up batteries on the customer premise equipment. Spare batteries are kept at Lavaca Telephone Company – Oklahoma's main office for replacement of batteries at customer homes in the event of a prolonged power outage.

**TRAFFIC ROUTING**

Voice traffic between the central office switch is carried across fiber. Voice traffic between the central office switch and the upstream tandem is also provisioned across fiber.

## **MANAGING TRAFFIC SPIKES**

Lavaca Telephone Company – Oklahoma's careful capacity planning has put multiple constraints and triggers in place on its Central Office equipment, outside plant equipment and network backbone that will provide the company with the capability of handling traffic spikes during emergency situations.

- Usage rates are analyzed monthly by Lavaca Telephone Company – Oklahoma using reports automatically generated by the switch to ensure the usage does not exceed 90% of total line capacity.
- Lavaca Telephone Company - Oklahoma will monitor traffic internally on a monthly basis to insure optimal efficiency.

**LAVACA TELEPHONE COMPANY, INC.**

**TRIBAL LANDS REPORTING**

**(USAC DOCUMENT - 431704OK920.PDF)**

February 1, 2016

Choctaw Chief Gregory Pyle  
c/o Dustin Stark  
Choctaw Nation of Oklahoma  
P.O. Box 1210  
Durant, OK 74702-1210

Dear Chief Pyle and Mr. Stark;

Hello again. We hope all is well within the tribe. While we are making plans to build fiber along the frontage of the tribal casino in Poteau, I thought I'd reach out to you again to identify our potential to serve. We are expanding into the Poteau market and would like to visit with the tribe about their internet needs within the casino properties and beyond. We would like to confirm that we are meeting the communications needs of the Choctaw tribe and further identify how we might assist in the tribe's successful growth strategy in Poteau.

As suggested last year we have moved into the field of Hosted IP phone solutions. If that is something that your group might be interested in, our sales staff would like to visit with you about pricing and availability.

Pinnacle Communications, Inc. is a rural independent telephone company providing service to approximately 1,000 customers in Eastern Oklahoma. This includes lands which are in the Choctaw Nation. Pinnacle offers landline phone service, Gigabit Broadband internet, long distance services and DirecTV as well as opportunities to bundle these services together.

Pinnacle currently provides service to several local community anchor institutions. This partnership allows the institutions the ability to have connectivity worldwide and to offer services to the community at each location. Pinnacle believes that anchor institutions such as community centers, fire stations and city halls are an integral part of the community and provide countless benefits and gathering places to area residents. Pinnacle has the ability to provide service to anyone in its service area including Tribal community anchor institutions.

Pinnacle is currently fully fiber deployed. Through various partnerships and its position in both Arkansas and Oklahoma, Pinnacle has the ability to offer ever increasing internet speeds at competitive prices. These speeds allow customers to have access to services such as video streaming, telemedicine, offsite workplaces and remote study opportunities for education. Such services allow for the growth of

**PINNACLE COMMUNICATIONS**

P.O. BOX 230 • LAVACA, AR 72941 • PHONE: 479-674-2211 • FAX: 479-674-5810

connectivity in a rural landscape enabling those customers the ability to be ever more connected to the retail environments of urban areas.

Pinnacle also provides Lifeline/Link-Up service in its study areas to customers that qualify under state and federal guidelines. Those qualifying for Lifeline and residing on federally recognized Tribal Lands also qualify for Link-Up. Link-up may be used for activating new phone service or activating existing service in a new location. Pinnacle also offers toll limitation service which helps households save money by blocking toll calls from being made, thus preventing costly long distance bills. We appreciate that the tribe was willing to place our lifeline information at their tribal benefit offices last year and we would appreciate it if we could work with the tribe to place the new forms at your offices this year as well.

We would like to meet briefly with you or your designated tribal decision maker regarding the needs of the Choctaw Nations and its tribal members so that we might best serve you. Please contact me so that we might set up a convenient time to meet. I may be reached at 479-674-2104 or by email at [johnz@pinncom.com](mailto:johnz@pinncom.com).

Sincerely,

A handwritten signature in dark ink, appearing to read "John Zeiler". The signature is fluid and cursive, with the first name "John" being more prominent than the last name "Zeiler".

John Zeiler

General Manager, Pinnacle Communications

**LAVACA TELEPHONE COMPANY, INC.**  
**VOICE SERVICES RATE COMPARABILITY**  
**(USAC DOCUMENT - 431704AR1010)**

## **Voice Services Rate Comparability Lavaca Telephone Company - Oklahoma**

In compliance with the 54.313 Rules, Lavaca Telephone Company - Oklahoma must certify that its current rate for fixed voice services is no more than two standard deviations above the national average urban rate for voice service.

According to the 2016 Urban Rate Survey conducted by the FCC's Wireline Competition Bureau, the rate floor for voice services is \$21.93, and the reasonable comparability benchmark for voice services is \$41.07<sup>1</sup>.

The rates shown on the Voice Pricing Form (0700) are below \$41.07. Consequently, Lavaca Telephone Company - Oklahoma meets the above mentioned requirement.

---

<sup>1</sup> WIRELINE COMPETITION BUREAU ANNOUNCES RESULTS OF 2016 URBAN RATE SURVEY FOR FIXED VOICE AND BROADBAND SERVICES, POSTING OF SURVEY DATA AND EXPLANATORY NOTES, AND REQUIRED MINIMUM USAGE ALLOWANCE FOR ETCS SUBJECT TO BROADBAND PUBLIC INTEREST OBLIGATIONS; WC Docket #10-90, DA 16-362 Released April 5<sup>th</sup>, 2016

**LAVACA TELEPHONE COMPANY, INC.**

**LIFELINE PLAN**

**(USAC DOCUMENT - 431704OK1210.PDF)**

**Lavaca Telephone Company dba  
Pinnacle Communications  
Lifeline Plan – Oklahoma**

Pinnacle Communications offers Lifeline Telephone service to its customers. The eligibility criteria for Lifeline is indicated on the attachment. Upon confirmation of eligibility, appropriate Lifeline credit are provided to the customer. Oklahoma also qualifies for an additional credit that may not exceed \$25 for Tribal Lands.

The rate for basic exchange service rate in Oklahoma for Pinnacle customers in Oklahoma, before Lifeline credits is \$16.00.

The FCC rules specify that the basic local exchange service charges net of Lifeline credits cannot be lower than \$1.00. Since the total Lifeline credits available in Oklahoma exceed the rate charged for basic local exchange service, the Lifeline eligible customer pays \$1.00 for basic local exchange service. Pinnacle customers receive unlimited local calling as part of the Basic Local Exchange Service Plan.

No other credits are applied to rates for remaining services, including toll service (if the customer doesn't have toll limitation service). Lavaca's toll rate plans and prices are attached.

*You may qualify if:  
You are not declared a dependent  
for federal income tax purposes,  
and/or you receive benefits from  
one of the following programs:*

**Lifeline**

- Supplemental Nutrition Assistance Program (SNAP f/k/a Food Stamps)
- Temporary Assistance to Needy Families (TANF)
- Supplemental Security Income (SSI)
- Medical Assistance (Medicaid / Sooner Care)
- Vocational Rehabilitation (including aid to the hearing impaired)
- Oklahoma Sales Tax Relief
- Federal Public Housing Assistance
- Low Income Home Energy Assistance Program (LIHEAP)

**Tribal Lifeline:**

- Bureau of Indian Affairs General Assistance (Check only, not Commodities)
- Temporary Assistance to Needy Families (TANF) Tribally-administered block grant programs
- Head Start Programs (only applicant or customer who satisfy the income qualifying eligibility provisions); or
- National School Lunch Program (only applicant or customer who satisfy the income standard of the program for **free meals**).

**Lifeline / Tribal Lifeline**

Lifeline is a telephone service assistance program designed to provide eligible residential customers with a credit to be applied to the price of basic local exchange service.
